

Product data sheet

Profile	Sinusodial profile 35/137 for roof and wall cladding
Material	Aluminium alloy 3005 -in accordance to DIN EN573-3:2007
Surface	Mill finished , stucco embossed
Surface coating	Polyester, PVdF, HDP, anticondensation flece ; antidrum coating
Length	Up to 15.000mm ex works (more than 15.000mm on request)
Curving	Smooth curving (no crimp curving)
Perforation	possible (thickness=0,8)
German approval no.	Z-14.1-545
Fire resistance	Class A1

thickness in mm	Area weight in KG/sqm	Cover width
0,7	2,496	1255
0,8	2,853	1255
1,0	3,566	1255
1,2	4,279	1255
